

## Newsletter 74: are you also thinking about Easter yet?

27/11/2015

Dear reader,

The year is almost over. Starting 2016 we immediately think of Easter, ... or Valentine first, and Christmas and New Year too. So much to celebrate ! In these busy times a short newsletter. We will look back at the World Chocolate Masters a few weeks ago, because yet again there was "a lot and great" talent there. And finally, Viva Italia.

### Hollow figures with Easter

Actually, hollow figures are 'top' all year round. For a rising football star, a grandfather's birthday, a hospital visit, ... Of course, Christmas, Valentine and Easter are the winners. Last year, the sale of spinning machines has increased substantially. Thus ... no longer only popular in Belgium. Every country, every region has its own popular holidays, on which these hollow goodies are a nice present! The spinning machines are available in a single version with 4 arms (and 12 hands) or a double version with 8 arms. Different options are also available.

### They are artists!!

It was thrilling during the last Barry-Callebaut's World Chocolate Masters in Paris. Twenty countries, 20 contestants. Great artists all of them. Their pralines and art pieces not only looked delicious, they were so magnificent. France came first, Belgium 2nd and Japan 3rd, but they were all winners. Prefamac is very proud to be 'golden sponsor' of this event. And what an atmosphere!
