

Dear reader,

It has been so busy at Prefamac that we have not yet found the time for another edition of our newsletter been since New Year's. In this mailing we present our newest industrial brochure, we help you think about new chocolate moulds, we invite you in Indonesia or India and we will show you the two discoveries of the year according to the coveted Gault & Millau Guide 2016 for chocolate confectioners and pastry bakers. And ... we already wish you a happy Easter with a looooot of chocolate! Lots of reading pleasure!

Myriam Schepers
Managing Director

New industrial brochure

With regards to Easter in a few weeks, we have developed a new industrial brochure. This covers both our cooling tunnels, enrobing machines, melting kettles, decorating machines, conveyors and curves, flaking machines

Click on [more photos](#), to see a pdf version of the leaflet. Please send us an email to info@prefamac.com if you wish to receive the brochure by mail or digitally. Check out www.prefamac.com where you can instantly look up more technical information per machine.

Tailor-made chocolate moulds

By the time the summer is over, new chocolate moulds will be necessary again. Would you choose for a standard design? Or rather something with your own logo on it? Or a design of your own? Everything is possible. Just look in our shop at the following link

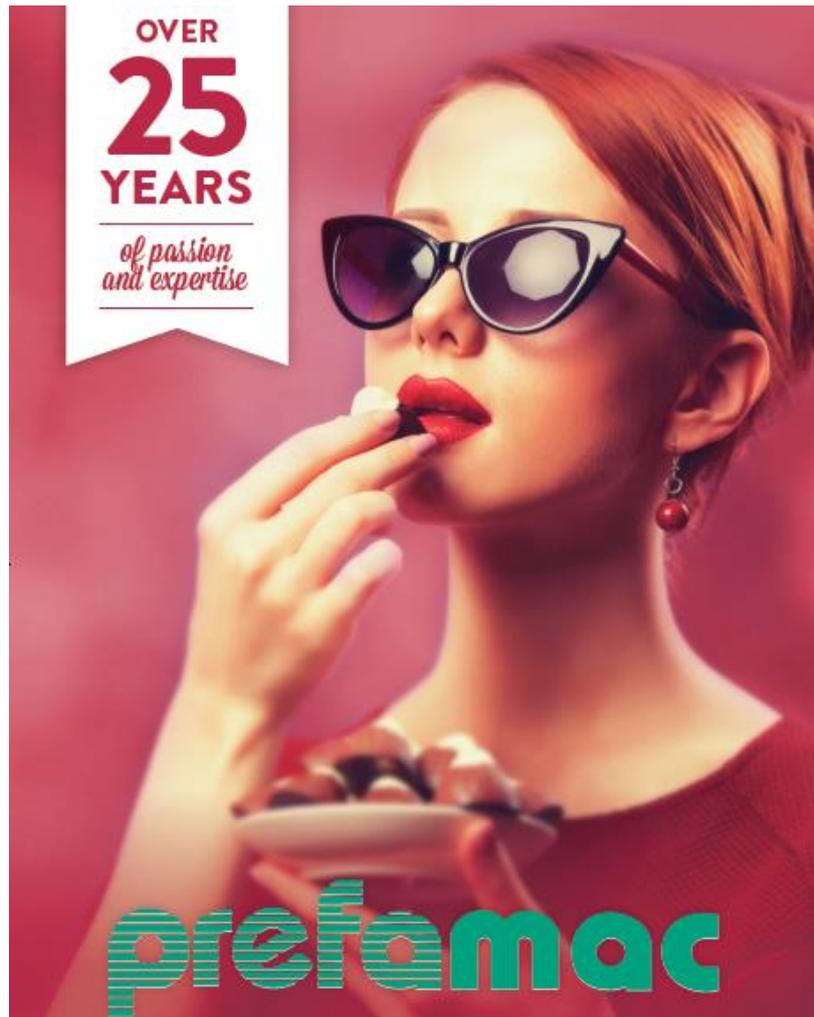

<http://www.prefamac.com/webshop/default?lang=en>

Click on [more photos](#) where we already show some examples of designer chocolates. Sometimes with decoration on top of and next to it a blank copy. Hmmm with your logo ... it would surely be genuine class.

Indonesia and India

The following countries Prefamac is visiting are Indonesia in March and India in April. Respectively from 10 to 20 March and from 23 to 29th April. No appointment made in Medan, Jakarta, Bandung, Pune, Mumbai or Bangalore? Do not procrastinate because my agenda is already quite full. Foreign customers are also welcome, as in this way the displacement is shorter than to travel to Belgium. I'm already looking forward to meeting you!

Prefamac in Gault Millau

Gault Millau is best known for its guide with the most fantastic restaurants in Belgium and Luxembourg. Each year, the new edition is eagerly awaited. For the very first time this year also a guide for Chocolatiers and Confectioners was published. Prefamac chose to be head sponsor of this publication. No points systems as for the restaurants, but two "discoveries of the year" among the 85 "artists". Congratulations to Chocolaterie Jitsk from Antwerp and Pastry Chef Fabrice Collignon from Brussels !

At [more photos](#) we will show some pictures of the launch of the new guide in the chocolate academy of Barry-Callebaut.
