

Dear reader,

Our very best wishes for the New Year! No mailing with another smashing champagne bottle... but NEW NEWS for you! New moulds, new machines, increased flexibility, new developments, new certifications, new test buildings. At Interpack we will exhibit all the novelties. In this "news"letter already a preview.

Enjoy reading and get inspired by our dynamism!

Myriam Schepers
Managing Director

Happy Valentine !

En natuurlijk wensen we je ook nog een gelukkig 2017 ! Prefamac denkt alvast aan Valentijn. Aan de vele geliefden die het met een bloemetje willen zeggen enAnd of course we wish you a happy 2017! Prefamac thinks already about Valentine's Day. About the many lovers who want to say it with flowers and especially taste. The new floral moulds are ideal. The new set of 4 pieces can be combined in one package ... or just separate. With their 10 grams, they look simply delicious and irresistible. The perfect gift: the rose (S1CH0097N), lily (S1CH0100N), ten-eyes (S1CH0098N) en orchid (S1CH0099N).

Click on [more photos](#), where we show some magnificent bouquets to daydream. Or you can follow this link <http://www.prefamac.com/webshop/default?lang=en> and then click on "Flowers & Leafs" where you will find our gorgeous flowers moulds directly.

A lot of “different” chocolate

Especially in the New Year, the customer will ask for even more variety. Fast switching each type of chocolate is the message. The larger melting kettles of 1000, 1500 and 2000 L are very popular for this. With tailor-made double-jacketed piping, manual valves, pneumatic fittings, everything is possible.

At [more photos](#) you can see how fast you can increase the flexibility of your business! Our enrober machines SWITCH are ideal for this purpose.

Let's party !

It's always a party with the 3in1 machine! Three colours of chocolate, and this with a machine of only 1.4 m width. Handy for the master chef to produce quickly different chocolates. But certainly do not forget the demo days, anniversaries, outdoor parties and bachelor parties! With fruit, marshmallows, ice cream, cakes, you always score with the 3in1! Also available in a "Back" version where the controls and thermostats are installed at the back side of the machine.

At [more photos](#) we show some very nice parties and the 3in1 with coloured chocolate.

And again almost the big Interpack again

Make a note in your calendar: Interpack 2017, from 4 to 10 May. Prefamac shows various enrober machines, melting kettles, cooling tunnels, decoration, flaking machines, ... but especially a lot of new machinery, renewals, innovation! You can find Prefamac in Hall 3 Booth E47.

Click on [more photos](#) where we show our stand of Interpack 2014, so that you will immediately recognize our chocolate colours!

And what we wish you further for 2017!

Good health, a good turnover, but again, not too much work! Warm family ties and close friendships. You may wish us good luck and TIME for 2017 because our agenda is fully booked: an additional building with large test space, lots of new staff, unique machine innovations and moulds, some official visits and trips abroad, international label CSR (Corporate Social Responsibility), remain persistent sponsor of technical education (Lego Legue). And for ourselves before and after a delicious BBQ on the terrace of the new building.

At [more photos](#) we give you already a taste!
