

Newsletter 88: Opening new building, Dubai and Canada (or Vietnam?)

Party at Prefamac! We exist for 30 years and open a new test room in March of this year. But even before that happens we exhibit at the Gulfood fair in Dubai. And we participate in the Belgian state visit to Canada. At a fast pace of 6 days, Ottawa, Toronto and Montreal are visited. And in May it is Vietnam's turn with HCMC and Hanoi. Time to meet us somewhere in person? We are looking forward to it. We already show which Prefamac machines you can see where. See you soon :-)

Myriam Schepers
Managing Director

Opening new building 20-22/03/2018

We are still working very hard for a whole month, and then the time has come. The new offices and test room at Prefamac will be opened. With solar energy, energy-efficient heating and cooling, recuperation of rainwater, brainstorming space to develop even more creatively, football game in the dining room, art at all offices, Because we also have a nice big chocolate line of 1000 mm in production, a visit is definitely worth it. To raise the glass together on "everything new" and even more innovative chocolate machines that can help you in the future. Cooling tunnels, enrobing machines, melting kettles, decorating machines, spinning machines, tempering machines, moulding machines, flaking machines, You will see it all during your visit. The opening party will be spread over 3 days in order to be able to free up enough time for every visitor

At [more photos](#), we show some examples. Via this [link](#) you can already see some industrial machines at work.

Gulfood Dubai February 2018

Our distributor for the Arab countries, EMF TRADING, will exhibit at Gulfood from 18 February to Wednesday 21 February 2018. The very busy trade fair in Dubai is an attraction for the Middle East. That is why sufficient talk space is provided on the site (HALL 5, STANDS B5-9 and B5-10). A large TV screen shows various industrial applications. In addition, several small machines 'with chocolate' are shown.

Click on [more photos](#), to already melt away. Or visit our website www.prefamac.com to prepare well for your exhibition visit. I (Myriam) will be personally present during the entire Gulfood period to answer "all your questions".

Royal visit Canada

Prefamac Chocolate Machines has again been chosen for a royal visit from our Belgian Royal Family. This time it is Canada's turn. A great honour to be able to stay in their company, and we are very proud of it! Three locations in just 6 days is quite super-busy. Buuuut ... meeting you would complete our journey. What works? :

- Ottawa on Monday 12/03 or Tuesday 13/03
- Toronto on Wednesday 14/03

- Montreal on Thursday 15/03 or Friday 16/03?

A Belgian Market Place is being organized to get to know Belgium from its "tasties". And there are even American customers who have planned a meeting with us, just because we are in their neighbourhood. So it would be super nice to be able to meet there.

..... and to Vietnam in May

And Asia will also be visited once again by Prefamac. This time we chose for Vietnam. Hanoi from Sunday 13 May to Tuesday 15 May. Ho Chi Minh City on Wednesday, May 16 and Thursday, May 17. On the network receptions organized in both locations, a "Belgian Food Tasting" will be provided, because our Flemish Belgian Prime Minister is also in our company. Prefamac has already made some appointments in Hanoi and HCMC, but there is still a lot of room for extra visits. With you at the company or rather centrally in one of the group hotels? We would like to hear it. See you soon :-)!
